

# MYOB Exo Employer Services

## Payroll module

A powerful, simple payroll solution for medium sized and larger businesses.

MYOB offers a suite of products called MYOB Exo Employer Services. Specifically designed for medium sized and larger businesses, the suite delivers a powerful payroll management solution with a wide range of flexible processing and reporting functions.

MYOB Exo Employer Services Payroll module enables you to export General Ledger information and interact with the electronic banking system and process many pays per session. MYOB Exo Payroll allocates relevant taxes and accrues leave, sickness and other entitlements.

It's able to plan for and manage staff leave and its effect on overall staffing and productivity levels. Staff costs and trends are easily tracked with over 40 standard reports available, including audits. With Exo Payroll there is no need to roll-over at the end of the financial year which enables it's users to access previous year(s) information.

### Flexibility

- + Flexible processing and reporting multi-level cost centre analysis with unlimited costing per employee
- + General Ledger exporting to most accounting systems
- + Employees can be set up with multiple wage and hourly rates
- + One-off pays (adjustment pays) for commissions, terminations and ad-hoc pays that don't always fit with standard pay periods
- + Integration with banking systems
- + Prioritises deductions or direct credits to handle levies or claims on employees' wages
